

## Foothills Male Chorus

The Foothills Male Chorus was established in the fall of 2005 and has been performing at a number of venues in west central Alberta and Edmonton areas since then. The 30-man chorus sings an eclectic repertoire from a number of genres from pop and swing song to classical music. Under director Bob Udell the choir presents a fall cabaret every year wherein nothing but Canadian music is presented, and a spring concert series in Edson, Hinton and Jasper with a broader repertoire. Among the highlights for this relatively new choir have been appearances at the Winspear Centre for Music with the Men Making Music concert series in 2007, and also a Christmas concert at the Alberta Legislature in 2008.
